ARE YOU MISSING *POINTS?*

**You may be
losing winner's
points if you fail
to double check
the show catalog!**

Some exhibitors are
missing their points
by not checking the
show catalog for
errors.

DON'T MISS OUT!!

**BE ESPECIALLY
CAREFUL OF:**

- YOUR CAT'S
REGISTRATION
NUMBER
- YOUR CAT'S NAME
- CORRECT
OWNERSHIP OR
LESSEE
- CORRECT REGION

The International *Cat* Association Are You Missing Points?

If your kitten or HHP is shown once without a registration number, which is permitted, you must write the Executive Office after the cat has been registered, requesting that the points won in this show be scored. You should provide the cat's name, the registration number, the region, the name and date of the show, and the entry number of the cat in that show.

You should check your cat's entry information in every show catalog you are listed in. Items which must be correct are: the spelling of the cat's name, the registration number, and the region. If any of these are listed incorrectly, it could result in your cat's points being split between two different names, numbers and/or regions or in not being scored at all. This would lower the total point count and possibly cause you to lose an award which your cat is entitled to. If any of these items are incorrect, give the correction in writing to the master clerk and make sure the correction is listed in the master catalog. Remember that the registration number must include the final three or four digits in order to be a valid registration number. If these digits are omitted, it is handled by the scorer as if the cat is not registered.

601.1 Unregistered Cats. Unregistered cats may be shown only once in TICA without a registration number. All points and/or wins for titles and/or Annual Awards acquired by an unregistered cat in the second and/or subsequent shows shall be irrevocably lost. The exhibitor is obligated to furnish the registration number to the entry clerk or master clerk and the Executive Office. In order to obtain credit for any points and/or wins received at the first show where the cat, kitten alter or household pet adult was shown as unregistered, the owner must notify the Executive Office in writing requesting the first show to be credited and stating the name, date and location of the show, and the name, breed (if applicable), registration number, and entry number.

If you are showing a Household Pet Kitten, please use the same name and birth date every time you show the kitten. If you change the name and/or birthday, the kitten is scored as two different kittens with two different scores. Again, this could make the difference in getting an award or not getting one.

Your cat is not scored if there is no Registration Number listed!!!

Your cat is not scored if the Registration Number is incomplete!!!

Your cat is not scored if the Registration Number is wrong!!!

Your cat's score is split if the Region is listed incorrectly!!!

Your cat's score is split if the name is listed incorrectly!!!

Changes/corrections must be received in the Executive Office by May 7th.

Regional Awards are presented to the Top 25 Cats, Kittens, Alters, and Household Pets, and the Top 10 Household Pet Kittens at the Regional Awards Banquet. These top winners are featured in slide presentations at the Regional Awards Banquet. The Top 10 Cats, Kittens, Alters, and Household Pets, and the Top 5 Household Pet Kittens in each region are featured in the TICA YEARBOOK in color, free of charge. (Some regions purchase pages in the TICA YEARBOOK to feature the 11th-25th Top Cats, Kittens, Alters, and Household Pets, and the 6-10th Top Household Pet Kittens in black and white.) In addition, the Regional Top 25 Longhair and Shorthair Cats, and Breed Award winners, are honored at the Regional Awards Banquet. All winners are notified by letter by the appropriate Regional Director. The Top 2 Cats in each color (in their respective breeds) receive a color certificate by mail from the appropriate Regional Director.

International Awards are presented to the Top 25 Cats, Kittens, Alters, and Household Pets, and Household Pet Kittens at the Annual Awards Banquet. These top winners are featured in slide presentations at the Annual Awards Banquet and in the TICA YEARBOOK in color, free of charge. In addition, the Top 25 Longhair and Shorthair Cats, and the Best Cat in each breed are honored at the Annual Awards Banquet. International Best of Breed winners are also pictured in the TICA YEARBOOK. All awards earned during the show year will be listed accordingly for every region or recognized area and internationally.

The Executive Office is responsible for the International Awards. After Regional Directors lists are furnished, notification letters are mailed to International Award winners of the Top 25 Cats, Kittens, Alters, and Household Pets, and Household Pet Kittens, and to the Top 25 Longhair and Shorthair Cats and the Top Cat, Kitten, and Alter in each breed. The second and third best Cats, the Top 3 Kittens, and Alters in each breed and the Top 3 Cats in each color (in their respective breeds) receive certificates together with their notification letters.

If there are multiple owners and the names of the owners are separated by "&", all owners must sign relevant paperwork. If the names of the owners are separated by "/", any owner may sign relevant paperwork (e.g., litter registration application). Please note that independent of the separator, a transfer of ownership always requires signatures of all owners.

Cat Information

Name of Cat: _____

A cat's name, including cattery names and the word "of" (before a suffix) may not exceed 35 characters (including spaces). If the name of the cat is longer than 35 characters, the suffix will be automatically dropped (if applicable). The name of the cat must not contain any special characters (&, ', #, ö, é, etc.). The owner's name, address, and city are not allowed in the name of the cat unless they are part of a TICA registered cattery. For additional restrictions, please refer to Registration Rules 39.5, 39.6, 39.7, and 39.8.

If you are registering the cat with a pedigree from another association and the cattery names of those associations are not registered to the same owners in TICA, the name will be cut off after 32 characters and /xx will be added at the end. "xx" is a placeholder to indicate the name of the originating association, e.g. /CF for CFA, /GC for GCCF, or /ID for an "independent" association. If you are using the form on page 4 and the breeder of the cat has a TICA registered cattery name, this cattery name will be used and no "/xx" will be added. If you have a TICA registered cattery but you are not the breeder, you can add your cattery name as a suffix if there is enough space available.

Registration Information

You may register any pedigreed cat with TICA if you can provide the documents necessary for one of the following scenarios:

1. **You have a TICA Breeder Slip.** A TICA Breeder Slip is issued for each kitten when a litter is registered with TICA. In this case **you do not need to use this form**. Fill out the TICA Breeder Slip and send it to the Executive Office or register your cat at <http://tfms.tica.org>.
2. **You have a certified pedigree from an approved registry.** The pedigree contains at least 3 generations. For each ancestor the pedigree must show the name of the cat, the registration number, the color, and the pattern. You must also provide proof of ownership (e.g. registration certificate from that registry). In this case **you do not need to use this form**. For further instructions, please refer to <https://tica.org/resources/step-by-step-instructions>.
3. **You have a pedigree signed by the breeder of the cat.** The pedigree must contain at least 3 generations. For each ancestor the pedigree must show the name of the cat, the registration number, the color, and the pattern. All of the information must be in English and use TICA's terminology (see <http://tica.org/pdf/publications/ucd.pdf>). For color, pattern, and eye color you can also use EMS codes. If any of the ancestors are already registered with TICA and the TICA registration number is provided, the ancestors of that cat do not have to be listed. The pedigree must contain the following statement in English "I certify this pedigree to be true and correct". The breeder's signature must be directly next to this statement. The breeder is defined as the owner of the dam at the time of mating. We suggest you use the form on page 4 of this application for this scenario. You must also provide proof of ownership (e.g. registration certificate from another association, transfer report, sales contract).

After the registration has been processed, the names of cats may only be changed as outlined in Registration Rule 39.4.

Under extenuating circumstances (e.g. death, repossession), proof of ownership might be established using different documentation. Please contact the Executive Office in such cases to find a solution.

Hotel Room Policy

From the Standing Rules:

903.6 Hotel Room Inspection Procedures. It is recognized that exhibitors whose cats cause damage and usual cleaning to hotel rooms cause show-production clubs great hardship. Therefore, at the option of the sponsoring club, the sponsoring club may elect to use the following procedures:

903.6.1 The show flyer shall clearly state the following:

903.6.1.1 "[Name of Club] has elected to use the Hotel Room Inspection Procedures for exhibitors who lodge at [Name of Hotel or Hotels] using the club's group booking. Entry in this show, and lodging at [Name of Hotel or Hotels] using the club's group booking, shall constitute an acknowledgment by and consent of the exhibitor to these procedures"

903.6.2 The club shall provide a copy of these rules to the show hotel, and obtain the cooperation of the hotel.

903.6.3 The exhibitor under whose name the hotel room is let shall, for the purposes of this rule, be the "Responsible Party."

903.6.4 "Damage" shall refer to abnormal wear and tear to the hotel room, including, but not limited to the following:

903.6.4.1 Cat urine.

903.6.4.2 Feces.

903.6.4.3 Claw marks.

903.6.4.4 Strong odor.

903.6.4.5 A substantial amount of cat litter outside a proper container.

903.6.4.6 A substantial amount of cat food outside a proper container.

903.6.4.7 Any other staining or damage not caused by normal wear and tear.

903.6.5 The hotel shall notify the show committee immediately upon ascertaining that a room has sustained Damage, but not later than 4:00 PM on the date the Responsible Party has checked out of the hotel.

903.6.6 The show committee shall then, accompanied by a staff member designated by the hotel, inspect the room and note the location and amount of any damage as well as the date and time of the inspection on an inspection report. If possible, the show committee shall notify the Responsible Party, who may attend the inspection. If either the hotel or the Responsible Party disagrees with the assessment of any Damage as made by the show committee, the show committee shall, immediately upon conclusion of the inspection, allow that person to note the item or items of Damage disagreed with, as well as the date and time, on the inspection report.

903.6.7 The hotel will not undertake any cleaning or repair of the room until after the inspection. The hotel shall then provide the Responsible Party and the show committee with an itemized statement listing the cost of rectifying the Damage including repair, replacement or extraordinary cleaning fees (the "Repair Fees"). The club may elect to reimburse the Repair Fees directly to the hotel, in which case the club will immediately notify the Responsible Party that the club has done so.

903.6.8 The Responsible Party shall, within 21 days, reimburse the hotel or the club for the Repair Fees. Should the Responsible Party fail to pay the Repair Fees within 21 days, the club shall notify the Executive Office, who shall then notify the Responsible Party pursuant to the Bad Debt provisions of these rules. The Responsible Party shall provide proof of payment of the Repair Fees. If the Repair Fees remain unpaid, those fees shall be considered a Bad Debt within the meaning of these rules, and the Responsible Party shall be temporarily suspended pursuant to the Bad Debt provisions of these rules.

903.6.9 If, immediately upon check in, the Responsible Party determines that the room is not adequately clean, or that there is damage already existing to the room, the Responsible Party shall immediately, or as soon as practicable, notify a member of the show committee. The show committee shall then inspect the room in the presence of the Responsible Party, and document any already existing damage to the room. Existing damage documented by a member of the show committee, or person designated by the show committee for such documentation, shall not be the responsibility of the Responsible Party under this rule.

Scoring System

Scores are calculated ring-by-ring. Basically, each score is a representation of the finals points plus cats defeated. If the cat did not make a final, points are scored for each cat defeated in breed, division, or color (whichever is highest). Finals points are the same as for title claims, with the exception of less than 10 cats (see attached tables).

The number of cats competing is figured on a ring-by-ring basis. Total count includes cats who were disqualified, withheld awards, for presentation only, less than 5th best of color, etc. Absentees are not counted. Total scores are based on a summary of the ring scores. The top 50 rings are used to determine total points for cats, alters, and household pets; top 30 rings are used to determine total points for kittens and household pet kittens. Total points are exactly the same for Regional and International Awards. If your cat competes out of region, scores are still accumulated toward total. Cumulative scores are based on the show year -- May 1st through April 30th each and every year. The score totals as of April 30th are used in the Regional Awards Presentations (usually the following summer) and the Annual Awards Presentation (the following Labor Day weekend). Come May 1st, everybody starts all over again with 0 points.

Scores are calculated and entered into the database in the Executive Office. At the end of the show year, the scores are compiled, checked against registration information, and furnished to each Regional Director, who coordinates the awards presentation for his/her region. Your scores will be included with your notification of standings sent out by your Regional Director. If there is a problem, it can then be worked out with the Executive Office.

For Example: Your cat has a total of 12,421 points, with the lowest score being 227. He goes to a 10-ring show and wins the following awards:

Ring 1: 5th Best Cat Allbreed (67 competing)
Ring 2: 8th Best Cat Allbreed (65 competing)
Ring 3: 2nd Best Cat Allbreed (68 competing)
Ring 4: No final, 3rd best of breed with 17 in the breed
Ring 5: 10th Best Cat Allbreed (62 competing)

Ring 6: Best Cat Specialty (32 competing)
Ring 7: 7th Best Cat Specialty (31 competing)
Ring 8: 4th Best Cat Specialty (35 competing)
Ring 9: No final, no breed win, Best of Division with 7 in division
Ring 10: 9th Best Cat Specialty (33 competing)

What's his new score now? It works out like this:

Ring 1: $160 + 62 = 222$
Ring 2: $130 + 57 = 187$
Ring 3: $190 + 66 = 256$
Ring 4: 14
Ring 5: $110 + 52 = 162$

Ring 6: $150 + 31 = 181$
Ring 7: $90 + 24 = 114$
Ring 8: $120 + 31 = 151$
Ring 9: 6
Ring 10: $70 + 24 = 94$

Now, since his lowest score was 227, he can only use RING 3 toward his total score. Take the prior score (12,421), subtract the lowest ring (227), then add the replacement ring (256) and you've got his new score: 12,450.

Standing Rules to the Scoring System

Cats will be scored in the region of residence on January First. Kittens will be scored in the region where they were first shown unless the Executive Office is notified in writing.

If a cat or kitten completed its show career before January First, it will be scored in the region where it completed that career.

Transfers: For purposes of scoring, the transfer date on a Certificate of Registration is the date the transfer is received in the Executive Office. In order for a new owner to be shown on the awards, the transfer must be received in the Executive Office by January 1st; if the cat was shown only after the transfer then the transfer must be received in the Executive Office by May 7th. If the cat was shown only before the transfer then the old owner(s) will be furnished the award.

In order for a cat/kitten to be eligible for a regional award, it must be shown at least once in that region. An exception will be made in the case of kittens and household pet kittens in that a show as an adult will fill the requirement that they be shown one time in the region.

Points earned in a breed congress format (Show Rule 1.68) or a breed/multi-breed congress format (Show Rule 1.69) shall not be scored for regional or international awards.

The cutoff date for scoring corrections from exhibitors is May 7th. Corrections/additions/deletions of suffixes must be received from exhibitors in the Executive Office by May 7th. After notification by the appropriate Regional Director, please call the Executive Office for questions concerning the points earned by a cat.

No scoring is done in the Executive Office unless the registration number is in the scored catalog (excluding Household Pet Kittens).

The scoring system starts at tenth place final points for the last position in the final when there are less than 10 cats, kittens, alters, household pets, or household pet kittens competing.

The Standing Rules to the Show Rules state: "UNREGISTERED CATS - May be shown only once in TICA without a registration number. All points and/or wins for titles and/or Annual Awards acquired by an unregistered cat, kitten, alter or household pet adult in the second and/or subsequent shows shall be irrevocably lost. The exhibitor is obligated to furnish the registration number to the entry clerk or master clerk and the Executive Office. In order to obtain credit for any points and/or wins received at the first show where the cat was shown as unregistered, the owner must notify the Executive Office in writing requesting the first show be credited and stating the name, date and location of the show, and the name, breed (if applicable), registration number, and the entry number."

Titles used for Regional and/or International awards will be the highest title which has been claimed and verified at the end of the show season for which the award is applicable. If the cat has earned a higher title, but that confirmation application has not been received in the Executive Office by May 7th, it will not be used for awards presentation.

If a cat is altered in mid-show season, it is entitled to the points won to that point for placement in the championship standings. As an alter, the cat starts again at zero points. At the end of the show season, it is entitled to the points won as an alter for placement in the alter championship standings.

A cat, kitten, or alter is not entitled to a breed certificate, or a cat is not entitled to a color certificate, if said cat, kitten, or alter has not earned a total of at least 25 points during the show season.
